8610 Synchronising Systems

Course Code: MP8610

Duration: 2 Days

Course Overview:

This course is suited for personnel who have had practical experience already with synchronising. All necessary skills required for set-up, calibration and synchronising of multiple generator sets fitted with the DSE8610. Commissioning and installation knowledge will be gained from the practical element of this course.

Content:

This course includes classroom lectures and practical hands-on training, which will help the trainee to understand and be confident in the control, operation and set-up of the 8610 Series controller

The main areas covered on the course are as follows:

- 8610 Series Applications
- Panel Menu Navigation
- Alarm/Shutdown settings
- Panel Wiring Diagrams
- Panel Calibration
- Multiple set Synchronising
- Commissioning

Additional Course Details:

A Marapco Training manual will be provided, each successful candidate will receive a certificate of attendance.
