L. Series Governing

Course Code: MPLSeries

Duration: ½ Day

Course Overview:

This course is suited for personnel who use engines fitted with L. Series electronic governors. An in-depth knowledge and understanding of programming and set-up will be gained from this course. This course is recommended for anybody who has units in their fleet fitted with these governors or under service contract.

Content:

This course includes both classroom lectures and practical hands-on training, which will help the trainee to understand and be confident in the control, operation and set-up of these governors.

The main areas covered on the course are as follows:

- Governor Overview
- Alarm/Shutdown settings
- Adding options
- Mechanical Fitting
- Wiring Diagrams
- Programming/Using dedicated software
- Fault Diagnosis

Additional Course Details:

A Marapco Training manual will be provided, each successful candidate will receive a certificate of attendance.
